

OUR MISSION

To provide a supportive living environment where young adults with intellectual and developmental disabilities can participate in their community, achieve independence, and realize their purpose.

OUR VISION

All adults, regardless of their abilities, will be active and valued members in their community.

OUR STORY

Treasure House is the vision of Kurt and Brenda Warner, who believe that all people, regardless of ability, have a purpose and call for their lives and are able to participate in meaningful and challenging activities, establish personal relationships, and contribute to society when provided with appropriate support and opportunities.

The Warners have been inspired and amazed by all that their son Zachary has accomplished in his life, despite the diagnoses and labels given to him. It is their love for Zack that gives them the passion to create an environment that will not only support those with intellectual and developmental disabilities, but will also allow them to thrive as they share their gifts with others.

Treasure House is a supportive living community for young adults with intellectual and developmental disabilities (IDD), with its first location in the Greater Phoenix Metropolitan area. A strong emphasis on independence, respect, and community integration will provide an optimal environment for residents to live, work, and enjoy recreational activities while being part of a larger family.

**“ALL PEOPLE, REGARDLESS OF ABILITY, HAVE
A PURPOSE AND CALL FOR THEIR LIFE.”**

KURT AND BRENDA WARNER

WHO WE ARE

Every human being is a treasure. And every treasure is unique. We all have our strengths, and we all have our challenges.

For young people with developmental disabilities, those strengths and challenges can be difficult to balance. How can we make sure they grow to their full potential, while caring for their day-to-day needs?

Welcome to Treasure House, a community of residences for young adults in their 20s and 30s with cognitive, intellectual or developmental disabilities — and the ability to grow and thrive and enjoy life. Our residents enjoy their own furnished, one-bedroom apartment with access to such amenities as a family style kitchen, lounge, game room, patio and backyard activities area. It's designed to not just be a place to live, but to truly be a home.

Each resident participates in their own selected vocational, educational or volunteer opportunities to help fuel their individual growth. And the Treasure House community is filled with opportunities to socialize and share recreation, friendship and daily living experiences.

The goal is to create a unique, welcoming environment for our residents that helps them achieve their full potential while enjoying their own independence and personal growth.
